About This Game

30 seconds to jail is an indie game about a dude, who gets a bag of drugs. You have 30 seconds to figure out how to get rid of them and not get caught in jail. From banal feeding to the dog, to the full rituals of calling the spirit of Bob Marley.

English

okay i thought this game was okay a little short, but i didnt pay a lot got it in a sale, i would advise you to as well, at first you might be stuck but soon enough, if you can find items in the house to help you, o the game is about a drug dealer who gives you drugs and the police come to arrest you, you have 30 seconds when the poilce get to your house to runaway, or to hid the drugs. i wish there was more to do but for the 1.5hrs it was fun. i would rate this game 5\/10 good but short.
